## Epoxy Kitchen Benchtop and Bar Top Gallery in Brisbane

Check out these photos from our completed projects.

A kitchen is that one place in a house where life begins, love grows, and happiness happens through food. Every day, families gather in the kitchen either to wind down the evening, start their day, or cook.

These moments are filled with lots of laughter, an abundance of happiness with tons and tons of love. And to maintain the joyous environment, the kitchen must appear beautiful as well.

One way to make your kitchen appear welcoming is by epoxy coating the kitchen tile floor, sink bench, and benchtop and bar top.

We can transform and modernize your kitchen cabinet and cabinet doors to match your house paint saving you thousands of dollars.

Epoxy Flooring Brisbane is one name you should remember for all your epoxy need. Our fully licensed team is professional, knowledgeable, and skilled in epoxy installation, resurfacing, resin coating, and excellent painting service for all our commercial, residential, and industrial clients.

We will epoxy coat your kitchen countertop, repair all cracks, resurface, seal and paint. **Epoxy Flooring Brisbane** can create many different types of designs. From marble finish to flake, from plain to granite finish. Or from copper finish to plain finish or swirling metallic designs, we can do them all.

From multimillion-dollar clients to residential clients, we are happy to help anyone that contacts us. We at Epoxy Flooring Brisbane will help you to create unique designer effects and styles. Moreover, by using top-rated materials, we ensure that we provide clients with the best quality top-rated service.

- 

## Process for epoxy coating your kitchen benchtop / bar top / countertop / sink bench

---

The epoxy coating countertop installation process is unique. Epoxy resin is directly poured on your existing countertop. Based on your request, design and colour are then created. Epoxy countertops installation process only takes less than two days however can change based on your other request. And by that time, your kitchen will be ready to be used on the third day.

---

## Pricing

---

Epoxy Flooring Brisbane provides free quotes to all its clients and has no hidden fees. Our policy is no project is a small project and work around the clock to meet the client's needs.

---

## Requirements

---

There are few requirements to be met once any project is approved to proceed. We prefer the project area is cleared, cleaned free from debris. Cars and traffic to be removed to ease work. Our staff also work around the clock to get any

project completed making the garage available for our clients at the earliest.

---

## Warranty

---

A one-year workmanship warranty is given against peeling and delamination. Moisture related and negligent issues are not covered by warranty. A manufacturer certificate could be offered if it has been mentioned before the start as the manufacture representative has to assess the project to be able to issue the necessary certification. We do not offer a warranty for substrate failure such as cracking of floors, shifting, or crumbling of the concrete.

---

## Occupational health and safety

---

As part of our commitment to achieving the principles of health and safety in the workplace, Epoxy Flooring Brisbane, recognizes its moral and legal responsibility to provide a safe and healthy work environment for its employees, contractors, customers, and visitors. This commitment also extends to ensuring that our operations do not place the local community or environment at risk of injury, illness, or damage. Furthermore, we also declare a no-smoking zone due to the material used.
