Pricing

Epoxy Flooring Brisbane provides free quotes to all its clients and have no hidden fees. Our policy is no project is small project and work around the clock to meet the client's needs.

Requirements

There are few requirements needed to be met once any project is approved to proceed. We prefer the project area cleared and cleaned free from debris. Cars and traffic should also be removed to ease work. Our staff also work around the clock to get any project completed. Thus, making the garage available

for our clients at the earliest.

Warranty

We give a one-year workmanship warranty against peeling and delamination. In addition, the warranty does not cover moisture-related and negligent issues.

A manufacturer certificate could be offered if it has been mentioned prior to the start. A manufacture representative has to assess the project to be able to issue the necessary certification. We do not offer a warranty for substrate failure such as cracking of floors, shifting, or crumbling of the concrete.

Occupational health and safety

As part of our commitment to achieving the principles of health and safety in workplace, Epoxy Flooring Brisbane, recognizes its moral and legal responsibility to provide a safe and healthy work environment for its employees, contractors, customers and visitors. This commitment also extends to ensuring that our operations do not place the local community or environment at risk of injury, illness or damage. Furthermore, we also declare a no smoking zone due to the material used.

FAQs About Industrial Epoxy Coating in Brisbane

What is industrial epoxy coating?

Industrial epoxy coating is a durable resin system applied to concrete floors to create a seamless, chemical-resistant surface. At Epoxy Flooring Brisbane, we provide industrial epoxy coating solutions ideal for warehouses, factories, and industrial facilities.

What is the difference between industrial epoxy flooring and epoxy floor coating?

Industrial epoxy flooring refers to the finished floor, while an industrial epoxy floor coating is the resin system applied to create it. Epoxy Flooring Brisbane delivers both, ensuring strong, long-lasting floors for industrial environments.

Why choose epoxy flooring for industries?

Epoxy flooring for industries offers high durability, chemical resistance, and slip resistance. Epoxy Flooring Brisbane

ensures industrial epoxy flooring solutions that withstand heavy machinery, foot traffic, and spills.

Are industrial epoxy floor coatings suitable for heavy machinery?

Yes. Industrial epoxy flooring solutions from Epoxy Flooring Brisbane are engineered to handle forklifts, pallet jacks, and other industrial equipment without cracking or delaminating.

How long does industrial epoxy flooring last?

A professionally installed industrial epoxy floor coating system can last 10–20 years, depending on traffic and maintenance. Epoxy Flooring Brisbane uses high-quality products to ensure longevity and performance.

Are industrial epoxy floor coatings slip- and chemical-resistant?

Yes. Our industrial epoxy coatings are resistant to chemicals like oils, acids, and solvents. Non-slip aggregates can also be added for safer industrial work environments.

Do you provide industrial epoxy flooring services in Brisbane?

Yes. Epoxy Flooring Brisbane offers complete industrial epoxy flooring services in Brisbane, including surface preparation, coating application, and finishing for commercial and industrial facilities.

How much does industrial epoxy coating in Brisbane cost?

The cost of industrial epoxy flooring in Brisbane depends on floor size, surface condition, and coating system. Epoxy Flooring Brisbane provides custom, no-obligation quotes tailored to each project.

Epoxy Flooring Brisbane is where quality and neatness counts.
